THE MINISTER OF STATE IN THE MINISTRY OF COMMUNICATIONS AND INFORMATION TECHNOLOGY (SHRI GURUDAS KAMAT): (a) and (b) As per the Telecom Regulatory Authority of India (TRAI) Act of 1997, the power to regulate tariff of telecom services in the country is vested with TRAI. TRAI, in exercise of its powers, has put tariff for telecom services under forbearance except with regard to Fixed Line Service in Rural Areas, National Roaming Service in Cellular Mobile Service and leased line service. Thus service providers, including BSNL and MTNL, have the flexibility to offer lower call charges to the subscribers. Both BSNL and MTNL keep revising their tariffs as per the needs of the subscribers and prevailing market conditions. Presently offered tariffs, by BSNL and MTNL, are competitive in comparison to private operators.
